Roland VersaCMM VP300 Maintenance

When you purchase a Roland VP-300 you are automatically covered for 1 year with a RolandCare silver service and support package. This initial silver RolandCare support package covers all telephone and web support, parts and labour and transport costs within the UK for 1 year. For your VP-300, head cover and preventative maintenance visits are also included. After your original silver RolandCare cover is complete, you can choose an Extended RolandCare service level that fits your business and your budget. Our personalised RolandCare packages have been created to give you responsive, flexible and cost effective support that ensures the continuing success of your business. Contact customer services for details.
